

Purple

Creativity, Emotionality, Enlightenment,
Femininity, Imagination, Inspiration,
Mystery, Rarity, Royalty, Spirituality.

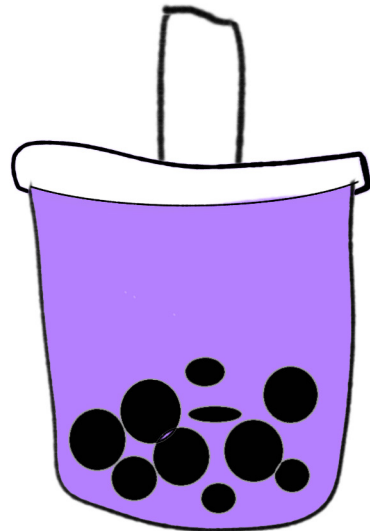

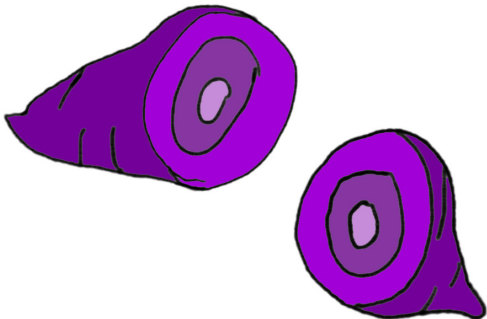

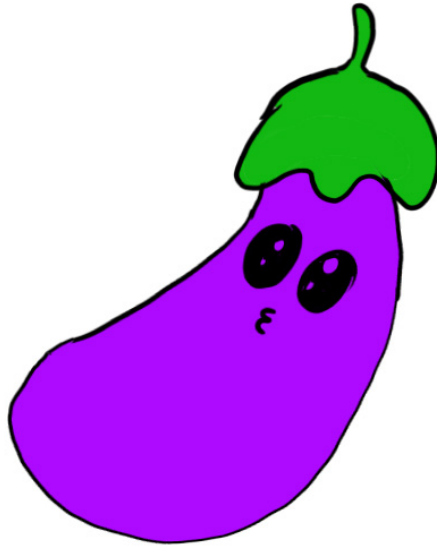

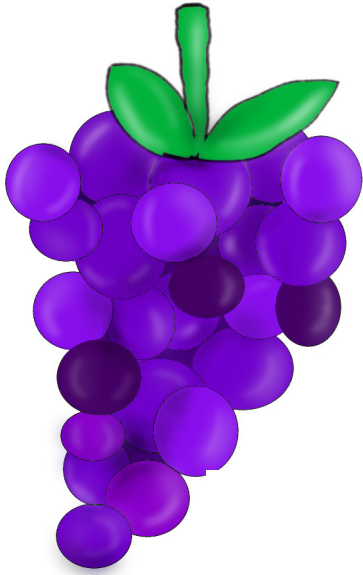

Purple is my favorite color, so I decided to use purple to explore different ideas for this project. I looked at how various shades of purple blend together, which purple foods I've tried, how beautiful the color is I often wear, and the views and things in nature that are purple. I also created some art pieces related to wizards, where I used purple often because it has a mysterious feel.
